Nature based Nano Technology to revolutionise Aquaculture and rejuvenate ponds

Recommended by :

ICAR-CIFA
Bhubaneswar
ICAR-Central Institute of Freshwater Aquaculture

Certified by :

CAA, Chennai
Coastal Aquaculture Authority |
Ministry of Fisheries, Animal Husbandry
And Dairying | Government of India

150% Increase in Fish Production
(Without additional Input Cost)
Validated by ICAR-CIFA

100% Elimination of **Microcystis** and **BGA**
Eliminates Microcystis and Noxious Blue-Green Algal Mats

Supported by :

Startup India #startupindia
DPIIT Recognised
Financially supported by Ministry of Agriculture for Product Promotion

Toxicology Certification by :

Institute of Industrial Research and Toxicology
Safe and Non Toxic
OECD 203 Regulatory Guidelines

30% Lower Feed Cost
Improved **(FCR)** feed Conversion Ratio

Based on Extracts of Plants & Herbs

OxyFeed[®]

Hyper Growth Fish & Shrimp Feed Supplement

All-in-One Aquaculture Solution

EXCLUSIVE — NO COMPARABLE PRODUCT IN THE WORLD

Maintains Dissolved Oxygen

Raises DO immediately and sustains it via diatom photosynthesis.

Phyco-Remediation

Carbon sequestration and natural rejuvenation of water bodies.

+50% Stocking Density

Better water quality allows up to 50% higher stocking per pond.

Controls Ammonia, Nitrates & Phosphates

Reduces NH3, NO2, NO3 and phosphates to safe ranges for improved water quality.

No Living Organism

Do not contain any living organism / microbes

Reduces Sludge & BOD/COD

Bio-dredging digests bottom organic load naturally.

30% Lower Feed Cost

Improved feed conversion ratio — less feed, more biomass.

Reduces Probiotics Cost

Better water quality ensures low requirement of Probiotics

Free of Antibiotics & Hormones

Non-toxic, non-hazardous, biosecure for all aquaculture.

Triggers Plankton Growth

Generates Phytoplankton and Zooplanktons as part of natural food chain, ensuring less feed consumption

100% BGA Elimination

Eliminates Microcystis and noxious blue-green algal mats.

Improved immunity of Aquatic life

Reduces mortality rate below 2%.

With OxyFeed Blue, You No Longer Need:

- ✗ Aerators (During Day Time)
- ✗ Antibiotics for disease (Like Red disease, Argulosis, Fungal infection etc.)
- ✗ Frequent water changes
- ✗ Extra protein supplements
- ✗ Copper sulphate / algacides for microcystis & BGA
